

## UpToDate Anywhere:

To use UpToDate Anywhere (remote access) you must first register with UpToDate for a username and password.

1. Access UpToDate from a pc/laptop on HSN network . Click on **Log In/Register**. Complete the registration information for a new user and **Submit Registration**.

2. An email will be sent with instructions on how to access UpToDate remotely (i.e. office, off-site from HSN), and where to get the mobile app for iOS, Android or Windows 8 tablet devices.

3. After configuring you device, you can now log in directly to UpToDate remotely.
